

Since 1995

**EXPORTER, MANUFACTURER & SUPPLIER OF
ALL TYPE OF ELECTRICAL PANELS.**

TEJAS INDUSTRIES

AN ISO 9001:2015 CERTIFIED CO.

About Us :::

A Name "Tejas Industries" Has Set A New Benchmark In Electrical Panel Industry And Experienced Exponential Growth. Since The Establishment Of The Company, In The Year 1995, We Have Been Scaling A New Ladder And Achieving New Milestone Every Year. With Our Innovative Manufacturing Techniques And Quality Control Plan, We Are Able To Cater To Customer's Constantly Changing Requirements. Now We Are Deemed As A One Of The Prominent Manufacturers And Suppliers Of Power Control Center (PCC Panel), Motor Control Center (MCC Panel), Automatic Power Factor Control Panel (APFC Panel), Instrument Panel [As Per Your Requirements], Lighting Distribution Boards (LDB Panel) And So On, Besides Offering Services Like Panel Maintenance & Modification. As A Result, We Attain Total Customer Satisfaction And Forge An Enduring Business Bond With Our Clients. We Manufacture And Supply A Comprehensive Range Of Electrical Control Panels Which Are Fabricated Out Of Fine-grade Constituents Using Latest Technology, That Ensures The Total Compliance With International Manufacturing And Quality Standards.

Our Complete Range Of Products As Follows:

Power Control Center (PCC Panel)
Motor Control Center (MCC Panel)
V F D Panel (Drives)
Automatic Power Factor Control Panel (APFC Panel)
Instrument Panel (as Per Your Requirements)
Lighting Distribution Boards (LDB Panel)
Power Distribution Boards (PDB Panel)
Fider Piller Panel
Street Light Auto Timer Panel
Junction Boxes (of Various Size As Per Requirement)
S. S. Sheet Metal Work Table, Cover, Panel)

Quality Assurance:

Being A Quality-conscious Company, We Always Slog Away To Maintain And Enhance The Quality Standards, Therefore We Have Laid Out A Comprehensive Quality Management Besides Complying With Manufacturing Standards Laid Down By The Industry. Electric Control Panels We Deliver To Our Customer Is Subject To Rigorous Test In Order To Ensure The Exceptionally High Standard Of Quality That We Have Determined For Ourselves, In Line With The Demands Of The Industry.

Our Proposition:

It Is Our Unflinching Commitment To Quality, Manufacturing Excellence, Competitive Pricing, On-time Delivery, Competent And Customer Friendly Service, Which Are Only Instrument In Registering A Privileged Position In The Industry. We Manufacture, Assemble And Wire The Electric Panel To Any Size Or In Any Configuration In Accordance With Customers' Requirement. Power Panels Are Manufactured In Consideration With All Safety Measures Needed For Persons And Properties.

Quality Statement

We Are Determined To Achieve The Total Customers Satisfactions By Continual Up Gradation Skill Of Our Employees And Importing Quality Consciousness In Entire Gamut Of Activities, And To Create Synergies With Our Customers So As To Strive To Excel In Achieving Common Goal.

Testing Equipments

- I. Primary & Secondary Injection Test Kit : 0 -100a For Relay Testing
- ii. Instruments Transformers Test Bridge : Amber LXR 2000
- iii. Standard Current Transformer : 1kva, 0.1class, 3200/5a Iv.
- Iv. Three Phase & Single Phase Dimmer : 15a/2a, 0-270v,50/60hz. V.
- V. Step Up Transformer : 0-1500v
- Vi. HV Tester : 0-5kv
- Vii. Insulation Tester : 1000v, 500mohm
- Viii. Digital Micro-ohmmeter : 1999micro Ohm-19.99kohm
- Ix. AV Voltmeter : 0-600v, 0.2class
- X. AV Ammeter : 0-100a
- Xii. CT Burden Box : 1a & 5a

Power Control Center :::

Leveraging On Our Immense Understanding And Ability In This Domain, We Are Reckoned As A Valuable Manufacturer And Supplier Of Power Control Center. These Are Used As Power Distribution Board To Control The Power Supplied To Motors, Panels And Transformers. We Manufacture These Centers Under The Strict Supervision Of The Expert Professionals Using The Superior Grade Materials And Components. Our Power Control Center Is Available In Different Customized Specifications As Per The Requirements Of The Clients.

Features:

Robust Design, Hassle Free Operation, Maintenance Free

Further Details:

Main Pcc Panel Is Again A Power Distribution Board To Control The Power Supplied To Ht Motors, Mcc Panels And Transformers Who Play Vital Role In Any Electrical Control System. Main Pcc Panels Are Widely Used In Refineries, Chemical Plants, Dairies, Refrigeration Plant, Pharmaceuticals And Plastic Industry. Usually Main Pcc Panel Is Having Modular Construction With Cable Inlet Is On Either Top Or Bottom Of The Structure. We Manufacture And Distribute Main Pcc Panels Which Are Used For Attaining Maximum And Efficient Electric Power Utilization. Our Range Of Main Pcc Panels Is Widely Used In Power Distribution In Various Process And Production Industries. Main Pcc Panels Supplied By Us Come With A Facility To Be Extended In Future To Meet The Requirement.

Motor Control Panel :::

We Have Established Ourselves As A Leading Manufacturer And Supplier Of Motor Control Panel. These Panels Are Applied In Chemical, Pharmaceuticals, Textiles, Construction And Paper Industries As An Electric Motor Controller. We Manufacture These Electrical Control Panels Using The Quality Grade Materials And Components Procured From The Authentic Vendors. The Clients Can Avail Our Motor Control Panel In Different Customized Designs And Specifications As Per Requirements.

Features:

Less Power Consumption, Minimum Maintenance, Excellent Performance.

Further Details:

Motor Control Panels Is Designed To Meet A Specific Requirement Of Controlling Electric Motor. All The Working Parameters Of An Electric Motor Are Taken Into Account While Designing Mcc (motor Controller Center). An Automated Or Manual Control Are Fitted Onto The Mcc Panel To Stop Or Start A Motor, To Regulate Speed, To Have Reverse Or Forward Alternation, To Regulate The Power And To Prevent The Electric Motor From The Hazards Of Overloads.

We Are Instrumental In Offering A Wide Range Of Mcc Panels That Are Highly Demanded In The Market For A Variety Of Power Distribution Processes.

Owing To Their Excellent Performance And Minimum Maintenance, Our Products Are Widely Demanded In Various Industries Like Chemical Refineries, Pharmaceuticals, Textiles, Construction, Paper And Others.

Automatic Power Factor Control Panel :::

Owning To The Terrific Team Of Experts, We Are Engaged In Manufacturing And Supplying A Qualitative Range Automatic Power Factor Control Panels. In Electrical Industries These Panels Are Used To Improve The Power Factor. We Manufacture These Panels In Compliance With The Set Industrial Norms And Standards Using The Finest Grade Materials And Components. The Clients Can Avail Our Automatic Power Factor Control Panels In Different Customized Specifications As Per Their Requirements.

Features:

Protects Electrical Equipments , Minimizes Harmonic Current, High Efficiency

Further Details:

APFC Or Automatic Power Factor Control Panels Are Mainly Used For The Improvement Of

Ratio Of Active Power To Apparent Power And It Is A Key Factor In Measuring Electrical Consumption. Everyone Knows That How Costly Electricity Has Become In Present Time. Therefore It Becomes Utmost Important To Cut Down On Electrical Consumption For Reducing Expenditure. APFC Panels Come Real Handy In The Achievement Of This Purpose Use Of These Electrical Control Panels Becomes Indispensable In Those Industries Where Electrical Installations Are Meant To Supply To Large Electrical Load. A Dip In Power Factor Can Attract Operational Losses And A Penalty From Electricity Board, Responsible For Electricity Supply.

Apcf Panels Can Effectively And Automatically Manage Quickly Changing And Scattered Loads Along With The Retention Of High Power Factor. We Are Renowned Manufacturers Of APFC Panels Symbolized With Quality And Reliability. These Are Available In Different Current Ratings To Cater To Distinct Applications.

Outdoor Power Distribution Panel :::

We Have Become A Renowned Manufacturer And Supplier Of An Extensive Range Power Distribution Panels. We Manufacture These Electrical Control Panels Under The Strict Supervision Of The Expert Personnel Using The Best Quality Materials And Components. The Materials Are Procured From The Authentic Vendors Of The Market. The Clients Can Avail Our Power Distribution Panel In Different Customized Specifications As Per Their Requirements. Also, We Offer The Panels At Cost Effective Prices.

Features:

Sturdiness, Long Working Life, Highly Efficient

Further Details:

We Offer Power Distribution Panels. Our Exclusive Gamut Of Power Distribution Board Is Available With The Specific Requirements Of The Clients. These Distribution Boards Are Specially Designed, Wired, Tested And Assembled With Different Electrical Equipment. These Power Distribution Boards Are Built In A Way So As To Ensure Maximum Safety, Along With Maximum Space Utilization And Cost Effectiveness. Also, It Is Helpful In Saving The Installation Cost, Cost Of Equipment Storage, Handling And Field Testing Customization Provision Is Also Offered On These Panels.

Lighting Distribution Panel :::

Well-equipped With Technically Advanced Facilities And Equipments We Are Engaged In Manufacturing And Supplying A Qualitative Range LDP Panel.

These Panels Are Applicable In Automotive And Electrical Industries. To Comply With The Set Industrial Norms And Guidelines, We Manufacture These Panels Using The Superior Quality Materials And Components.

We Can Make Our LDP Panel Available In Different Customized Designs And Specifications As Per The Requirements Of The Clients. Moreover, These Panels Are Offered At The Cost Effective Prices

Features:

Hassle Free Operation

Highly Efficient

Easy To Install

VFD Panel :::

We Are Tirelessly Striving To Sustain Our High Credibility In The Market By Manufacturing And Supplying An Extensive Range Vfd Control Panels.

These Electrical Control Panels Are Used In Chemical, Cement, Pharmaceutical And Plastic Industries. We Manufacture These Panels Using The Quality Grade Materials And Components Obtained From The Authentic Vendors Of The Market.

The Clients Can Avail Our VFD Control Panels In Different Customized Design And Specifications As Per Their Requirements.

Features:

Hassle Free Operation

Easy To Install

Long Working Life

Feeder Pillar Panel :::

As One Of The Leading Traders And Suppliers In This Domain, We Are Offering Best Quality Feeder Pillar Panel.

These Products Are Source From Our Trust-worthy Vendors Of The Market And Are Manufactured By Them Using Quality Raw Material In Compliance With International Quality Standards.

Also, We Ensure That Every Stage Of Production Is Monitored And Controlled By A Specialized And Experienced Staff. Widely Praised Among Our Clients For Their Attractive Design, High Durability, These Can Also Be Availed By Our Clients In Various Customized Solutions.

Features:

Smooth & Speedy Operation

Dimensionally Accurate

Fire Proof

PMCC Panel :::

Backed By The Team Of Highly Qualified And Passionate Professionals, We Are Engaged In Manufacturing And Supplying A Wide Range Of PCC With MCC Panel.

In Electrical Control System These Panels Are Used To Control The Power Supplied To Motors And Transformers.

These Electrical Control Panels Are Manufactured Using The Best Quality Materials And Components Sources From The Authentic Vendors.

We Check The PCC With MCC Panel On Safety And Durability Parameters Before Offering To The Clients At An Affordable Price.

Features of PCC with MCC Panel:

Highly efficient

Impeccable performance

Maintenance free

Auto Control Panel :::

We Design, Manufacture & Supply Control Panels For Boilers, Equipments.

Our Control Panels Are Having Powder Coated, Well Lit Boxes With Systematic Wiring Layout With Tag Nos. Etc. For Easy Troubleshooting As Well As Better Life In Industrial Environment. Our Control Panels Are Having Excellent Quality & Offer Superior Performance

Control Panel Enclosure: Ip 65 / Ip 66 Owing To The Exceptional Power Controlling, Consistent Performance And Rugged Construction, These High Functionality Control Panels Are Highly Asked For.

Features:

Rugged Construction

Consistent Performance

Grater Power Controlling

Soft Starter Panel :::

We are able to offer our clients with an array of Motor Control Center (MCC) and Pump Control Panel that is widely used in various offices, industries, commercial complexes and residential societies.

With the required inputs, these can be designed, manufactured, assembled, tested, installed and commissioned along with selected motor starter and drives as per the clients requirements.

Moreover, as per the customer's requirements delta starters, variables frequency drives (VFD) and soft starter (SS) technologies also can be incorporated within the panels as per needs and parameters.

Automatic Power Factor Correction (APFC) Panels from Bajaj are designed to provide unmatched performance, reliability and versatility for critical Power Network applications.

The (APFC) can be equipped with controllers to match your application needs.

All the controllers offer rock-solid control & monitoring, front panel status reporting and control operation combined with Superior design and robust construction.

Meter Panel :::

We Are Instrumental In Offering A Wide Array Of Metering Panel Boards To Our Valued Patrons. Offered Range Of Boards Is Widely Used In Various Domestic And Industrial Purposes.

These Panel Boards Are Manufactured Using 16/2mm/ 2.5 Mm Cold Rolled, Mild Steel Metal Clad, Free Standing And Other Components That Are Source From The Most Valued Vendors Of The Industry.

Moreover, Patrons Can Avail This Range In Various Sizes, Grades And Other Specifications As Per Their Needs And Demands.

Some Features Are:

Low Maintenance

User-friendliness

Excellent Performance

Junction Box :::

We Have Become A Renowned Manufacturer And Supplier Of An Extensive Range Power Distribution Panels. We Manufacture These Electrical Control Panels Under The Strict Supervision Of The Expert Personnel Using The Best Quality Materials And Components. The Materials Are Procured From The Authentic Vendors Of The Market. The Clients Can Avail Our Power Distribution Panel In Different Customized Specifications As Per Their Requirements. Also, We Offer The Panels At Cost Effective Prices.

Features:

Sturdiness, Long Working Life, Highly Efficient

Further Details:

We Offer Power Distribution Panels. Our Exclusive Gamut Of Power Distribution Board Is Available With The Specific Requirements Of The Clients. These Distribution Boards Are Specially Designed, Wired, Tested And Assembled With Different Electrical Equipment. These Power Distribution Boards Are Built In A Way So As To Ensure Maximum Safety, Along With Maximum Space Utilization And Cost Effectiveness. Also, It Is Helpful In Saving The Installation Cost, Cost Of Equipment Storage, Handling And Field Testing Customization Provision Is Also Offered On These Panels.

Our Clients Are :::

Sr. No.	Clients	Place
1	Godrej Industries Ltd.	Valia (Gujarat)
2	Asian Paints (I) Ltd. (Paints Division)	Ankleshwar
3	Asian Paints (I) Ltd. (Phthalic Divison)	Ankleshwar
4	Heubech Color Pvt. Ltd.	Ankleshwar
5	Eusa Pigments (P) Ltd. [Unit - 1]	Ankleshwar
6	Avdhoot Pigment Ltd.	Ankleshwar
7	Gujrat Insectisides Ltd. [GIL]	Ankleshwar
8	Meghmani Organics Ltd. [Agrodivision]	Ankleshwar
9	Atul Product Ltd.	Ankleshwar
10	Cethar Vessels Ltd.	Trichy
11	Sanofi India Ltd.	Ankleshwar
12	Miranda Tools [P] Ltd.	Ankleshwar
13	Adani Gas Ltd	Ahmedabad
14	Gujarat Reclaim & Rubber Product Ltd.	Ankleshwar
15	Wockhard Ltd.	Ankleshwar
16	China Steel Corporation India Pvt Ltd	Dahej
17	Hemani Organic & Chemical Industries (P) Ltd.	Ankleshwar
18	Ratna Mani Bio - Chemicals Pvt Ltd	Ankleshwar
19	Pepsico Limited	Jhagadia
20	Ramdev Chemical Industries	Ankleshwar
21	Ustavi Bio Tech Pvt. Ltd.	Panoli
22	J. B. Chemicals & Pharmaceuticals Ltd.	Panoli
23	Gujarat Fluoro Chemicals Ltd. [GFL]	Dahej
24	Sulphur Mills Ltd Unit - 1 & 2	Panoli
25	United Phosperous Limited [UPL]	Jhagadia
26	Agro Pack	Panoli
27	Dragon Drugs Pvt. Ltd	Jhagadia
28	Fosroc Chemicals (I) Pvt. Ltd.	Ankleshwar
29	Sulphur Crop Care Pvt. Ltd.	Panoli
30	Sunpharma Limited	Panoli
31	Unique Pharma Lab Ltd.	Panoli
32	Madura Coats (P) Ltd.	Panoli
33	Abhilasha Pharma (P) Ltd.	Ankleshwar
34	Miranda Ultra Tools Private Limited	Ankleshwar
35	Artee Flow Controls Pvt. Ltd	Ankleshwar
36	Pragna Life Science Pvt. Ltd.	Panoli
37	Pragna Dye Chem Pvt. Ltd.	Ankleshwar
38	Mayur Electrical Works	Surat
39	Vismita Intermediates Pvt. Ltd.	Panoli
40	Deccon Fine Chemical India Pvt. Ltd.	Ankleshwar
41	Dic Fine Chemicals Pvt. Ltd.	Dahej
42	Champion Advance Materials Pvt Ltd	Jhagadia
43	Galaxy Surfactants Ltd	Jhagadia
44	Subhasri Pigments Pvt. Ltd.	Ankleshwar
45	Pidilite Industries Ltd.	Dahej
46	Vardhman Acrylics Ltd.	Jhagadia
47	Nitrex Chemicals India Ltd.	Jhagadia
48	Birla Century	Jhagadia
49	Megha Inovative Pvt Ltd	Panoli
50	Element Chemi link Pvt. Ltd. Unit 1& 2	Ankleshwar

Primary Competitive Advantages:

Varied range of Electrical Control Panel
Quality products at competitive price
Conformity to international quality standard
In-house quality test and R&D department
Utmost client satisfaction
